

Beautiful Summer Evening

 Beautiful summer evening

I come to you and pick you up on a cool summer night. You come to the door wearing a blue strapless sun dress, as I approach you a light breeze flips up your dress; as I look I notice that you are not wearing any panties. As I take you by the hand and lead you to my car you slowly lean in and whisper to me that you want to go to a video store and pick up some videos.

 I agree with you and we head off to the shop. As we arrive I lean over and softly kiss you on the neck and shoulder. As we leave the car you stand up and I catch another glimpse of your beautiful glistening pussy.

As we enter the shop your eyes light up with desire. I take you by the hand and we look over the selection carefully and finally find one that sparks your interest. You tell me that you wish we could watch it right now. I tell you that the shop has private viewing rooms so we take the video to one of the rooms.

 I put the disk into the player and as it starts I lay you down on the soft couch and ease myself into position between your legs. As I start to kiss and suck on your already swollen clit, you let out a low moan. About then you see the holes in the walls; you push my head away and ask what those are for. I explain to you that if you wish more people could watch or join in with us, you tell me that you want to suck a cock while I fuck you from behind.

 I tell you to enjoy the movie and I'll be right back. I leave the room for a minute and as I come back I tell you all you have to do is knock on the wall and something will appear through the hole, you then knock on the wall and a pulsating cock comes through the hole. I tell you to turn over and start sucking the cock. As you do I come around behind you and slowly slide my cock into your tight little wet pussy as we get into rhythm with each other, you deep-throat the cock as I slam my dick hard into your pussy; you start to shake and your pussy squeezes my dick like a vise. As you cum all over my dick the cock in the wall starts shooting cum down your throat and you slam back into me and I fill your love hole full of my hot cum.

As we regroup ourselves and finish watching the movie I slowly and gently massage your breasts and squeeze your nipples between my fingers. You tell me that you have had the best evening and that you don't ever want it to end. So I pick you up and carry you out to the car I sit you in the seat and kiss you slowly and deeply as I stare into your sky blue eyes.

I then step back and close your door and I go around, climb into the seat and start the car. As we are driving home you ask me to come inside with you, I say ok.

As we get to your door you stick your key in the door and as you do I ease up behind you and slowly raise your dress. I knell down and slowly turn you around and start to eat your pussy again, you tell me to at least let you shut off the yard light. I tell you that takes all the fun out of it. As you stretch out across the banister and wrap your legs around my head I slowly stand up and eat your pussy until you cum all over my face, you look at me and tell me that it was your turn so you grab my dick and slowly release it from my pants and you go down and start sucking my cock; damn you are great at sucking cock. As you do lights start coming on around us; this just adds to the excitement so I stand you up and turn you around, you bend over and grab the hand rail as I slam my dick into you over and over as we get louder and louder lights begin to come on in the surrounding porches you just keep pushing harder and harder into me as I push harder and harder into you. We both cum at the same time and let out a final moan and holler.

 I then gather you up and carry you into your house, carry you to your bed and lay you down slowly undress you and slide the covers over you. I lean down and whisper into your ear "sweet dreams my love; dream of our next meeting" as you drift off to sleep I leave you in anticipation of our next meeting.
