

Maritsa's first MMMF

It took a long time for Ted to convince me that he was serious about wanting to watch me with other men. After 10 years of a loving and trusting marriage, he surprised me when I asked what he was thinking about during sex. He told me he was fantasizing about being just one of several men inside of me all at the same time. I could tell by his shining bright blue eyes and shaky voice that the thought was really turning him on, and I have to admit that it was getting me super hot, too. Very soon we were both moaning and thrashing in orgasm. Ted had long ago taught me to enjoy anal as well as vaginal sex, to the point that I often PREFERRED his large cock deep in my ass. I have also long enjoyed the taste of his cock and cum deep down my throat. It gives me great pleasure to know that I can please him in so many ways. But taking in two or more different cocks at once? I had never considered it before, but now the thought wouldn't go away, and I shivered with pleasure whenever it popped into my mind. Could I really fuck my husband plus several strangers at once? Well, as long as Ted was there and agreed, YES, I could. What if he was serious? He was. A few days later, I remember it was on a Thursday, Ted took me to shop for clothes. Not a lot, he said, just one special outfit to wear that weekend. He was the one who picked it out. The blouse was sheer, and slightly elastic to hold my large B or small C cup tits in place, even without a bra. The skirt was of such thin material that it was very nearly see-through also. Its length was about four inches above my knees, not too short, I thought, but it had a split along the right leg from the bottom clear up to the waistband. What did he have in mind? I am 5'5" tall and weigh 118 pounds, with long auburn hair and deep brown eyes, due, I'm sure, to my Hispanic background. I also have a slim waistline and a flat stomach.... I certainly spend enough time trying to keep it that way. I have been told several times and by several different people that I have a great ass, long shapely legs and lips that I had always thought were a little too large but that Ted always tells me are "just made for sucking cock." Ted: Maritsa is a drop dead gorgeous, feminine and sexy 29 year old lady. We have always had a super loving marriage... and in bed.... WOW! She is willing to do anything for our enjoyment: oral, anal, vaginal, whatever, and is great at it all. I'd been fantasizing about watching her with several men at once. The picture in my mind of her with one cock deep in that hot, wet pussy, another deep inside her fantastically hot and tight ass, and a third deep inside her unbelievable "made for cock sucking" lips gets me as turned on as any man can possibly get! She always dresses sexy for me, and I love taking her out and watching ALL the men, and some of the women too, tripping all over themselves just to get a closer look at her. That Friday, I had her dress in her new and super sexy outfit. She wore a see-through blouse, a short, super thin-material skirt with a slit to the waist, and heels. She was a little reluctant at first when I wouldn't let her wear any bra, stockings or panties, but went along with it when I told her she could cover it all with her ankle length leather coat (at least at first). Without the coat, her beautiful and perky tits would show as clear as when nude, and the skirt was just see-through enough to show off her clean shaven pussy. We started at a nice restaurant, and even with the coat tied shut, the waiter hung around Maritsa the whole time we were there. We don't drink often, but each had an after dinner drink that night. It affected Maritsa just enough that, as we left, she let her coat open up to "accidentally" give the waiter a little show. He could hardly stand still, but certainly refused to move himself from Maritsa's side until we were gone. Maritsa: The reaction of the waiter was a real turn-on! One little drink and I was already feeling tipsy, and he had hung around me so much that I got a rush just giving him a little peek. I gave him a little peck on the cheek as we left, rubbing my tits just a little against his arm. His reaction? WOW! If a man was so affected by just that, then what would happen if I ever took my coat completely off? Next, Ted took me to a lounge that featured a live band and a dance floor and ordered another drink for each of us. I knew we wouldn't be dancing because I couldn't dance with that coat on, and as turned on as I was just thinking about taking it off, I certainly didn't want to be arrested or asked to leave. In the back of my mind, I still wondered if I was really going to do this. After finishing my drink, I untied my coat and let it open up a bit. Two things happened immediately. A couple of guys who had been checking me out, and winking when they thought Ted wasn't looking, just dropped their jaws and stared... one going so far as to drop his hand to his crotch and start stroking himself through his pants.... and a different two guys, much better looking, walked up to our table, said hi, and introduced themselves as Robert and Jeff. Ted: When Robert and Jeff came over and introduced themselves to us, I almost lost it. I knew everyone was getting a show from Maritsa, and was so turned on that I wanted to rip her clothes off and have us all fuck her right there and then. My beautiful Hispanic honey was about to give me my greatest gift ever.... the gift of making my fantasy come true. But I still needed just a little more patience. I stood up and shook their hands, introducing us as I did. As I had Maritsa stand, her coat came open plenty enough for them to see all of her in her finest!. "Hi, I'm Ted and this is my wife Maritsa. Doesn't she look FANTASTIC like that?" Of course they both agreed, so I added the words I wasn't sure I'd ever get a chance to say "but how we'd REALLY like to see her is totally nude, on her hands and knees over one man who's on his back, sliding his cock into her super hot and super wet pussy,... at that, I reached around her from behind, lifted her skirt, and started stroking her now dripping wet pussy while giving them a clear show... "while a second man kneels behind her with his cock deep in that beautiful ass, and a third kneels beside her face, so she can just turn her head and suck his cock into those gorgeous lips." Maritsa: when Ted told them that he wanted me to have three cocks at once, my heartbeat started racing a mile a minute. Was this really happening? I was already having a major orgasm with him stroking my pussy while they watched, and now they were asking how to be part of that party. He told them that they needed at least three condoms each, and to get us a place somewhere to "see how this pretty lady enjoys a good, long fuck party." Ted said that the rules were simple... 1- a clean rubber must be used each time, 2- they must not be pushy because "there's enough woman here to take each of us all in each hole", 3- they just watch until one of us gives them the go ahead, and 4- they must be mellow. He said he wanted me to enjoy it enough to be ready to party again soon. They were very willing to agree to all of it. Within 30 minutes, the four of us were going into a nice room at the Comfort Inn with two queen sized beds. As soon as we were all inside with the door closed, Ted put his arms around me and kissed me. As we hugged, I whispered to him "Is this really what you want?" His overly bright eyes and hard breathing told me the answer. As he untied my jacket and let it fall to the floor, I could hear Robert and Jeff take in long,

sharp breaths and murmur "beautiful." Was this happening? I was SO HOT! Ted pulled the blouse over my head and slid my skirt down to the floor. I kicked off my heels as I stepped out of it. Now I was completely nude in front of my husband and two complete strangers! He laid me on my back on one of the beds and started licking at my clean shaved pussy as he undressed himself. I kept looking at Robert and Jeff's faces as they watched me being expertly licked and having orgasm after huge orgasm. It wasn't long before they were both totally nude also, and then I couldn't take my eyes off of their rock hard cocks, ready and just waiting for me. Ted finished licking my dripping wet, and still orgasming pussy and worked his way back up, licking and kissing me everywhere on the way to my lips. As he kissed me deeply, I could taste my juices on his lips and tongue. Then he slid to the side and pulled me over on top of him, onto my hands and knees. He slid his gorgeous and huge cock deep into my pussy, and I could tell the even HE was wearing a rubber. As he slid in and out, bringing me again into even greater orgasms, he squeezed my ass and slipped a finger inside. WOW! Then he pointed to the other two and asked "which of you is going to fuck this beautiful ass first?" I didn't know which on it was, but I felt a thick cock sliding deep into my ass. The sensation of one cock in my pussy and one in my ass was WILD. I LOVED IT! At Ted's prompting, I turned my head around to see Jeff still standing by the bed and watching, with his cock in his hand, so it was Robbery in my ass, and told him to bring that cock over to me so I could suck it down my throat. As I pulled his cock deep down my throat right down to his balls, all three of them moaned. At that moment, Ted, Robert and I started shaking with our huge orgasms, and I felt Jeff's condom start to swell up also with his cum as I sucked him dry. Jeff took the longest because he started later, but within 30 seconds, all four of us had cum.... , and cum.... , and cum. I will never forget the glazed look in all three of their faces as we all collapsed onto the bed. During the next three hours, each one of them had taken their turns to cum in my mouth, my ass and my pussy. It took longer for them to cum the third time, but that was just more time for me to have more and more massive orgasms. It's a good thing that Ted had brought some KY Jelly, because at some point, I started to get pretty dry. That was not enough, though, to keep me from more orgasms. I can't describe the sensations as I felt each cock filling my ass, pussy and throat all night long, but it was the greatest pleasure I had ever had! Robert had to get back to his fiancée, Melissa, early in the morning so he had to leave, but Ted, Jeff and I all fell asleep cuddled together. I woke in the middle of the night feeling a pressure as I felt Jeff sliding into my ass again. I opened my eyes to see Ted's eyes, shining again with lust, as he woke to the bed moving again. The next morning, we said goodbye to Jeff. He asked if we'd be partying again soon, but we had to say we didn't know for sure. We still see Robert or Jeff from time to time around town: at a restaurant, or a movie or even at the grocery store. They always come up and give me a hug, and ask us if we are ready to party again. Ted and I just look at each other and smile. We made a pact that we would avoid me fucking the same guys twice if possible, but I have a special place in my heart.... and in my ass.... for those who were the first. Robert was married to Melissa about a month later, and Jeff asked if I would be the "entertainment" at his bachelor party. He had told her all about us, and instead of being mad, she was interested in coming with us "just to watch" someday. His bachelor party with fifteen hot and horny guys, and Melissa's appearance with us a month after that..... well, those are other stories.

About the Author

My stories are true, and I get turned on just sharing them with you. I'm 32 years old, 5'6" tall and weigh 122 pounds. I wear a small C cup or large B cup bra, in the few occasions that I wear one, and have long shapely legs, I work hard to keep my waist thin and stomach flat. I've told by many that I have a great ass, and my lips, that I used to think were too big, are best described by my husband as "just made to suck cock." My husband loves to watch me fuck other men.... and I love it too! At least once every 2 months, usually a lot more often, my husband takes me out wearing my nastiest "fuck me" outfit,,,,, you know, the one with the see-through blouse and the super short mini skirt with super thin material so you can nearly see through it also, just enough to show I'm clean shaven and wearing nothing under that either.... to a lounge or dance club. We both get super hot when the horny guys all gather around to get a good look at me! Then he'll introduce us to a group of them and invite them out for a FANTASTIC fuckfest with me. Ooooooh, I'm getting wet just writing about it.
