

Old woman part 5

As I was getting into my car I noticed a folded paper laying on my seat. I got in started my car and drove to work while unfolding the paper. Inside a simple sentence which said "Best sex you will ever have, Saturday 10:00 am". I knew it had to be Mary next door and today is Friday and she must know that my wife is working tomorrow.

Saturday morning my wife had left for work and I was watching the clock. At 10:00 am I walked out the door and went next door. I knocked and Mary came to the door dress in a very warm looking robe, tied at the waist. She ask me and told me to have a seat on the couch. She came sit next to me and ask if I would be open to something new today. I told her as long as it doesn't involve pain I was ok. She told me to close my eye and not to open them until she told me too.

I held my eyes shut for a good minute and couldn't wait till she told me to open them. At last she said open your eyes, as I did there stood with Mary another woman. She had to be nearly the same age as Mary and much shorter around 5' 2", average size breast, and much smaller frame.

This made me a little nervous as I didn't want my wife to find out. I ask Mary who her friend was and she said Nancy was an old friend from out of town that was staying for a few days. I ask them what they had in mind, Mary informed me that they wanted to show me the time of my life. I ask Nancy if this would be kept a secret, as I didn't want my wife to find out. She was very shy but answered sure I will.

With that said, Mary opened her robe to expose a see through short teddy. I got hard as I looked at Mary's huge tits hanging down to her navel, her nipples were hard and trying to poke out. Nancy still had her robe on and Mary was telling her to drop the robe. She stood there red faced and not moving. I spooke up and said "Nancy you have a great body why don't you show me". She slowly untied her robe and opened it up. Wow her skins was so white, she had on a white see through teddy, very short also, low cut in front. I was amazed at how huge the area around her nipples were. She was not to thin but very small framed. My dick was so hard now I was ready for some action.

The pair came over to the couch and sat down one on each side of me. Mary went right for my dick and starting rubbing my dick through my pants. She looked at Nancy and ask when was the last time she had a hard cock in her hand. Nancy said it had been 8 years at least. With the said Mary unzipped my pants and pulled them down to expose my rock hard 5 1/2 inch cock. She took Nancy's hand and placed it on my hardon, and rubbed her wrinkled hand all over my cock.

I reached my arm around Nancy and pulled her in for a kiss. She was kinda stiff at first but once I got my tounge in her mouth she was all over me. As Nancy and I kissed Mary went to work on my cock, she was licking up and down the shaft and sucking on my balls. I had already pulled Nancy's teddy down off her shoulders exposed her nice tits, they to sagged down low, but I wanted to get those huge down rings in my mouth so bad. As I was sucking on Nancy's nipples she was trying not to moan, I whispered in her ear that its ok to let yourself go.

Then I slipped her teddy off down past her hips and off her feet. As I continued to work on her nipples I slipped my hand down to her clit. I was already so wet I had no trouble sliding my finger into her warm wet pussy. She let out a moan as I fingered her. Mary stopped what she was doing when she heard Nancy say, oh please eat my pussy like you do Mary's.

Mary suggested that we go the bed, but I wanted that pussy right now. As I was going for the floor I was pulling nancy down with me. Mary suggested that I lay on my back so she could get at my dick. As I laid on my back I pulled Nancy up to my face by her hips. She was on her knees strattling my head. I pulled her pussy onto my face and went to work on that hairless pussy. She tasted so damn good I wanted her warm juices all over my face. I have never seen a clit that was so swollen in my life. Every time i licked or sucked on it she was moaning "Oh my, please don't stop".

I was almost unaware of what Mary was doing I was so focussed on that pussy. Then I came to my senses I have never been with 2 women before, this was one of my dreams come true. About that time I felt Mary hands guiding my cock into her pussy. She was moving up and down on my dick. I stop licking long enough to tell Mary that I loved her pussy so much. She was working it like a pro. She was going up and down on my cock and Nancy starting rocking back on forth on my face. I grabbed her swollen clit in my mouth and was sucking on it so hard she went into fucking frenzy on my face. I stopped and stuck my tounge up her pussy as she rocked back and forth. It didn't take long before she was shooting a huge amount of juices all over my face.

Nancy fell off my at my side and for the first time I got a view of Mary's large ass as she was pumping up and down on my dick. I grabbed her by the hips and started helping her thrust. I loved looking at Mary's huge ass which was twice as wide has my hips. Mary told Nancy to get over here and look at this pretty cock in action. Nancy was a little shy but crawled around to the front of Mary. Mary told Nancy "after that job he just did on your pussy get down there and lick his balls as I fuck him. Nancy said I don't know if I can, I haven't been this close to a women before.

Mary ordered her to get down there and start lick my balls. Nancy said she could reach them, so Mary grabbed a pillow from the couch and told Nancy to slide it under my ass when I lifted up. Mary pulled up off me and I raised up so Nancy could shove the pillow under me. Mary went back to fucking me hard, and told nancy to "give me your hand" I wished I could have seen what was going on I said. Mary said don't worry hun, we are going to give your dick a work out today. Mary told me they would give a blow to blow description of what they were doing. She took nancy's hand and placed the on my balls, and told her to rub them. My dick has never had this much attention before, I was going nuts slamming my dick into her pussy. Mary told me tell me how bad you want my pussy. I told Mary "I love your warm wet pussy, and want to fuck it hard".

This was the best fuck I have ever had, then it got better. Mary told Nancy to get down there and start licking my balls. Nancy had been playing with my balls the last couple of minutes. When Nancy made that first lick, it sent a chill up my spin. I let out a groan like a lion, damn that feels so good. I informed the ladies that I was going to cum soon. Mary told Nancy to suck my balls hard right now, my god it was a mixture of pain and pleasure, when nancy got my left nut in her mouth and suck I started shooting loads of cum into Mary's pussy. After shooting the biggest load of my life, and my nut still in Nancy's mouth, we all stopped.

Mary told nancy to start sucking my dick to get it hard again. I told Nancy I need about 20 minutes at least. Mary told her you need the practice I want that dick hard again so get to work. See part 6 for what happended next
