

## sonnys dream came true

I got into class and sat down and got my books out. The day before the teacher told everyone there would be a new student. As I looked up I saw a blue eyed, brown haired attractive boy. I smiled at him as he sat down next to me and I said "hey im sonny" he smiled and said "im brian." The whole class period we looked at each other shyly then smiled. At lunch we sat by each other and he held my hand. After school was over we held hands and I asked "did you like your first day" and he looked at me and said "i like you more than my day" I giggled and asked him if he wanted to come over and study. He said yeah then called his mom. We got to my house and sat on my bed. I took out my books and scooted toward him. I laughed as he scooted so far he sat on me. He looked at me and said "can i kiss..." I kissed him and then said "dont ask just do it." He said "ok so can i ask you if we can do it" then I said "nope just guide me". I stripped as he stripped and then he said "do you care if i pop your cherry" I asked if it would hurt and he said it would so I looked down and said "do you have a condom on and if you do then we will" he nodded and put his 7 in cock in my tight pussy. I screamed as loud as I could. He took it out and hugged me and said "its ok i got you" a little bit later I told him to FUCK ME NOW and he stuck it in all the way as I screeched and moaned loud. I had an orgasm but he never cummed and thats the part I looked forward too. As he left a couple hours later I layed down on my bed. The next day he didnt even talk to me and I saw him holding hand with another lady and as I walked by them I started to cry. He ran up to me and took my shoulder and said "what the hell is wrong with you bitch! why did you tell everyone what we did" I told him I only told my friend and he looked mad and left. After that day he transferred schools again and I havent seen him since.
