

Dressing room sex

I won't go into all the details for the 3 weeks of flirting that I did with Tammy. We met at the pool at the local country club, and for 3 weeks we flirted back and forth. Tammy was close to 60 I would bet, she was about 5' 9" tall, had long blondish gray hair, and weighed in at about 160 lbs I would guess. She did have some nice tits, and a huge ass and small waist.

One day I was doing down to the pool after a hot day on the golf course, when I spotted her laying face down on the lounge chair. So I went and laid my towel at one of the vacant chairs next to hers. Good afternoon Tammy, how are you today. She responded great now. I ask so is your husband on the course today, "yes he is, him and his friends just got started". So I have you all to myself for the next 4 hours I said. She giggled and turned over on her back.

Wow Tammy is that new swimsuit I ask. Well yes it is, I bought it for you to look at, cause my husband would never notice. Well how could I not notice, you look so sexy today, I don't know if I will be able to keep my hands to myself today. She giggled like a school girl.

We had been talking for a few minutes when she said she needed to use the restroom and would be right back. She returned a few minutes later and ask you sure didn't take the hint now did you, maybe you are all talk What are you talking about Tammy, well I wanted you to follow me into the club house. Well I didn't pick up on that signal I said. We talked for about 20 minutes more, and she said when I get up you wait about five minutes and I will meet you in the back hallway by the dressing rooms for the pool.

I waited according to plan as my heart was beating so fast, what did she have in mind. She was such a classy lady, I shouldn't get my hopes up too much. I went down the back hallway and didn't see her anywhere, as I walked by one of the dressing rooms the door was cracked open and she stuck her finger out made the motion for me to come in. I entered the room and she locked the door. Now young man she said, "lets see if you are all talk or action". Wow, I thought I went and put my hands around her waist, and gave her a big wet kiss.

To my surprise she stated, "let us get to the good stuff, cause we can't keep this room tied up long. With that said, I thought to myself, go for it. I reached up and pulled Tammy's swimsuit straps off her shoulders and pull them down past her big hips and past her knees to the floor and she stepped out of them. Now I got a good look at her body, her tits were so round, they were heavy hangers, but so huge. The area around her nipples, and the nipples themselves were so small for such large tits. Her pussy was shaved clean and smooth, and her ass was so wide.

I went to work sucking her little nipples, and at the same time rubbing her smooth pussy. Tammy lay on that bench back there so I can't eat your pussy, I whispered in her ear. She gave me a smile that I will never forget. She went to the bench laid back on some towels we put there, and spread her legs. I didn't waste any time getting down to that some pussy. The room was very well lighted from the very high windows. I licked every square inch of that smooth pussy. Tammy was in heaven, she grabbed a towel and was biting down on it because she was moaning so loud. This was the best tasting pussy I have ever had. Her clit was so swollen now I couldn't believe it. I was giving her a good tongue fucking when she came the first time.

Tammy said "oh please fuck me now", but I was through eating that pussy yet, I lapped up all her juices she had just shot out all over my face. As I continued to lick her pussy she was playing with her nipples. I sucked and licked her clit until she came again.

I stood up and pulled my swimming trunks down to the ground, and my 5 1/2" rock hard cock sprang out. Its not long but it is pretty thick, "you fuck my good young man" tammy said. the bench was too low for my liking, so I ask her to stand and bend over the bench, "my you are a bad boy" tammy said. She assumed the position and I slid my cock into her warm wet smooth pussy. She back up into it all the way, oh my that feels so damn good young man. Its been such a long time since I have had a good hard cock in me. I began pumping real slow, Tammy was getting into it. We increased the speed some. I could see her big heavy tits swaying around as I rammed her pussy. I was rubbing her ass all over with both hands. When I got close to her asshole she gave me an "Oh yes". I got the hint and stuck my thumb into her ass. She quivered and squeezed her ass around my thumb, I gave it a couple of pumps with my thumbs and she moaned softly "Oh god I am cumming". A warm rush of juices ran down my legs.

Tammy spoke "Ohhhhhhhhhhh young man, its been years for me since I have had a good ass fucking". I wasted no time with that remark, I pulled my cock out of her pussy and put the head of it into her ass. Oh yes, she cried, she backed into it slowly, it was so fucking tight I almost shot my load. It took about minute for her to take the whole dick into her ass. I gave her a few slow pumps, in and out in and out. "oh young man I love your cock in my ass", "oh yes fuck my ass, fuck my ass young man", Tammy I moaned "please keep it down or someone will hear us. She whispered at me, I love you and want you to fuck me every day with your cock. Please fuck me good, fuck me good young man, fuck me good. I grabbed her by the hips and started fucking her with all I had, she was meeting my every thrust with one of her own.

It didn't take another minute and I shot a huge load of cum up Tammy's tight ass. She came a couple of seconds later and quickly pulled away from me and went for my dick with her mouth, she sucked my cock clean. She continued to suck until I was starting to get hard again. I said "Tammy we should get out of her before some comes in. That's what makes this so exciting young man, I am going to get you pretty cock hard again, and you will fuck my ass again. My cock was firming up again when Tammy was lube it all up with her spit.

She bent over the bench again and put her ass up high for me, her asshole was still open and begging for more fucking. Don't play around this time, I am ready for the full force she said. I slid my cock into her ass again all the way, she moaned "oh young man". Mary I am not that young I am 42. She laughed, well when you are 63 that is young. Wow, I didn't think you were that old, as I pumped her ass. the second time. She grabbed the bench firmly and I pounded that ass for a good 4 minutes, She was so tight I couldn't make it any longer until I shot the biggest load of my life up her ass again. She was quivering with excitement, as she came again, I knew I didn't have much time before my dick went soft, so I pulled it out and slid it into her pussy and fucked it good for the next minute until she was moaning she was cumming again.

while we were dressing she told me that she loved me, which made me nervous. Tammy we are both married, what are you saying. I love you and want to be with you, hold on this was great sex, but I have a family. I don't care I want you to fuck me every day from now on. Well, we can fuck often but I don't want to get caught. Oh, I love you know one has made me feel like this, I want to be with you forever. Tammy lets take this easy and see where it goes. She finally said she would, but I was worried.

When we got back to the pool, she ask me "my husband is out of town on tuesday, can we meet at some hotel my treat. Tammy I don't know, please my ass is just begging for you again. I was feeling kinda funny, I wanted her so bad too. Ok Tammy I will meet you somewhere, but please keep this a secret. I will do anything for you.

My husband won't be done for another 2 hours at least, lets find another spot and I will give you the blow job of your life. I couldn't resist her blue eyes, her big tits were just begging to be sucked again. Tammy, can I lick your pussy again. Oh I love you so much, lets go she said
