

Two Chicks

I sat down at the bar and saw, out of the corner of my eye, a hot tall blonde with killer legs in a tiny mini-skirt and heels. I could not keep my eyes off her legs, and she noticed that I was staring. The gorgeous amazon sauntered over to me. She sneered and said "You're practically drooling. You really must learn to control yourself." I was speechless as the blonde introduced herself as Jill. She said she was here to meet a friend but that her friend hadn't shown up. I said she was welcome to sit next to me to wait for her friend. She removed her sweater to reveal a tight top showing off her melon sized breasts and huge nipples. After a few drinks, Jill said that she was here to meet Victor, her boyfriend. "Victor has an enormous cock," she cooed. "He really knows how to get me off. Do you think you could get me excited?", she asked. Before I could respond, her lips were locked against mine, her tongue aggressively exploring my mouth. Without saying a word, she walked me out the door. With her heels, she towered over me. I would guess she was about 6'1" with her heels to my 5'8". We walked to the motel next door and checked in. Jill expertly massaged my dick through my pants as I paid for the room. The clerk was oblivious as he stood behind the counter. When we got to the room, Jill sat seductively on the bed, her long legs just begging to be massaged. "Every man in that bar wanted to fuck me,"

she said as I approached her. I'll never forget the moment I first felt her legs. I had not expected them to be so silky smooth. I thought I was going to cum in my pants. "Slow down, boy," Jill ordered. "You'll get to fuck me but not until I say so." She ordered me to strip naked, then she removed her top and asked me to massage her breasts. Five minutes was about all I could handle and I begged her to massage my cock. She refused, saying that I had to earn it. I was beside myself and took matters into my own hands. "Get your hands off it NOW," she screamed. I didn't know what to do. She pushed me onto the bed and devoured my cock. I had never felt anything so amazing as this hot chick's mouth. I felt the cum building and told her I was going to shoot. "Fucking bastard," she barked as she slapped my erect cock and turned away disgusted. "You will cum when I tell you to and not a second before." Three more times, she brought me to the brink of orgasm only to deny me the pleasure. At long last, she put a condom on my turgid pole and began riding it. She screamed in pleasure and told me to tell her when I was about to cum. "I can't hold back any longer," I shouted. At that, she pushed me off, leaving me hurt and confused. She began to get dressed as I begged her for release. "All right. I guess I'll let you have your fun now," she said as she lay on the bed with her legs wide apart. I pumped her hard as she just lay there, emotionless. When my cock accidentally slid out of her pussy, I pulled the condom off and put my dick back in her. That was it! I shot my load in about eight powerful gushes. When I withdrew from her tight pussy, she noticed my condomless member. "What the fuck!", she screamed. "Did you cum in me without the condom?" "Fuck you, asshole" she cried as her pussy began to ooze with my jism. "No one cums in my pussy, fucker! You're going to fucking pay for this." I put my underwear and pants back on, fully satisfied after unloading in the hot bitch. Serves her right, I thought. I left and went home. When I got home, I walked into the bedroom to find my girlfriend Tina waiting for me, wearing nothing but a smile on her face. Now I'm fucked, I figured. I ate her pussy for fifteen minutes straight, trying as best as I could to delay the moment of truth. Tina said she had never been eaten like that and that it was the best she ever had! Finally after fifteen full minutes, she asked for my cock. Tina was not discouraged at all by my half-hard cock. She expertly massaged it until it reached full strength. Although Tina did not have Jill's hard body, she was actually better with her hands. The experience gave me a whole new appreciation for her. Now that I was fully erect, Tina climbed on me and began to go wild. After a few minutes, I began to buck out of control as I felt the cum building up. "Should I take it out?", I asked. "No, please cum in me," Tina shouted. For the second time in two hours, I shot my load unprotected in a woman's hot pussy. Tina lay there exhausted and satisfied as I withdrew my cock from her creampie cunt.
